FORENSIC INVESTIGATION AGENCY

—
Justice via Scientific Investigation

An ISO 9001:2015 Certified Agency

Welcome To **Forensic Investigation Agency**

Justice via Scientific Investigation

Forensic Investigation Agency has been established in the year 2020 in Bilaspur, Chhattisgarh. Our agency is registered with Govt. of India and ISO 9001:2015 Certified Agency in Central India. We have a best team of Qualified Forensic Consultant, guided by Director, Mr. Dipendra Barmate a passionate & determined Forensic Expert; where everyone have the best solution of investigations in the field of Handwriting & Questioned Documents, Fingerprints, Scene of Crime etc. We also provide best services as expert opinion in Courts and Legal purposes under section 45 of Indian Evidence Act.

Our Mission

- Statement of Forensic Investigation Agency “Justice via Scientific Investigation” verified that with the advancement of technology and development in scientific research and methods, our understanding of the importance of crime scene and evidence has also been transformed, while ensuring that the guilty are convicted and the innocent freed from unfounded accusations based on scientific facts. So, today the notion of Justice is at the heart of Criminal Justice System.

Our Vision

- The vision of Forensic Investigation Agency is to make the masses aware of the implication and the utility of the subject. To easily and effectively reach out to maximum number of people who are in need of support, assistance or advice, and help them to overcome obstacles in various spheres of their lives. Our ultimate aim is to continuously upgrade our facilities and offer best service for the sake of justice. Our aim is to rise of Forensic Science as a subject also.

Director's Message

With immense pleasure I welcome you to Forensic Investigation Agency. FIA is one of the premier investigative agency in the Central India, with a responsibility to investigate grievous cases. In today's criminal justice system, Forensic Science play a crucial role. While detectives and law enforcement agencies are involved in the collection of evidence, it is Forensic Science that deals with the analysis of these evidence in order to establish facts admissible in the court of law. They do not only help in the prosecution of offenders but also in exoneration of the innocents. The reports generated by Forensic Professional are widely acceptable because when scientific methods are used, there is no scope for bias. Many cases which are difficult to solve are now easily solved with the development in Forensic technology. At present we are accepting cases related to Questioned Document, Fingerprints and Crime Scene Investigation. Other disciplines may soon also be started in due course of time. I am confident that our highly laborious team of Forensic Consultant will prove themselves to be indispensable assets for society in general, financial and legal industries specifically. I highly believe the principle "There is no substitute of hard work. Never give up. Never stop believing. Never stop fighting." We want to ensure that our FIA will become a milestone in the field of Forensic Science, which surely has the potential to be. Our aim is to continuously upgrade our facilities and offer best service for the sake of justice.

Mr. DIPENDRA BARMATE
(Forensic Expert)

Meet Our Mentor

Dr. D. K. Satpathy, a renowned Forensic Expert, have a 40 years of experience in the field of Forensic Medicine. Dr. Satpathy also served as a Director of Medico-Legal Institute Bhopal, Madhya Pradesh, India.

The worst industrial disaster in the history of the world, Bhopal gas tragedy was a gas leak incident on the night of 2-3 December 1984. That was the night Dr. Satpathy performed highest autopsies in a single night. That is why he earned the name Doctor of Death. Dr. Satpathy also has written a book name "Wild Life Forensic Medicine". For public awareness of Forensic Science. He also visited all Raksha Samitis organised in villages of Madhya Pradesh.

As a Forensic Expert, Dr. Satpathy helped the Chhattisgarh Police to crack several sensational murder cases and other crimes including the Khudmuda murder case.

Mr. Shivjee Singh, a well-known Forensic Expert of Chhattisgarh, about having 20 years of experience in the field of Forensic Science. Mr. Singh has retired as a Senior Scientific Officer, scene of crime unit – in charge of Raipur range

As a Forensic Expert, Mr. Singh helped the Chhattisgarh Police to solve several sensational cases and other crimes.

Mr. Jeetpal Singh Jayas is a Retd. Deputy Superintendent of Police with huge experience in the field of Personal Identification. His work is also approved by All India Board of the Examination of Finger Print Expert CFPB, Govt. Of India.

Sir has also helped the Chhattisgarh and Madhya Pradesh police to solve many Finger Print Cases.

Awareness in Forensic Science

Public awareness of Forensic Science is a key factor in preserving the vital physical evidences, thereby contribution to the successful delivery of criminal justice through science. Forensic Investigation Agency plays a significant role in inculcating awareness among the general public by observing Forensic Science Awareness Week, exhibitions, visits, presentations etc. We regularly conduct interactive meetings and workshops with the Judiciary, Investigating Officer and Police Personnel for the improvement of Forensic Science. Such interactive workshop provides a platform for discussing emerging forensic techniques and also evaluates the forensic services provided by the Forensic Investigation Agency.
